

QCPTextElement::setSelectable

```
graph LR; A[QCPTextElement::setSelectable] --> B[QCPTextElement::selectable]; A --> C[QCPTextElement::selectable Changed];
```

The diagram illustrates a function call branching into two signals. On the left, a grey rectangular box contains the text 'QCPTextElement::setSelectable'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'QCPTextElement::selectable'. The bottom arrow points to a white rectangular box containing 'QCPTextElement::selectable' followed by 'Changed' on a new line.
