

QCPGraph::setData

```
graph LR; A[QCPGraph::setData] --> B[QCPGraph::addData]
```

A diagram showing a call from the `QCPGraph::setData` method to the `QCPGraph::addData` method. The `QCPGraph::setData` box is shaded gray, and the `QCPGraph::addData` box is white. A blue arrow points from the left box to the right box.

QCPGraph::addData
