

QCPDataContainer::add

QCPAbstractPlottable1D
::selectTestRect

QCPDataContainer::constBegin

```
graph LR; A[QCPDataContainer::add] --> C[QCPDataContainer::constBegin]; B[QCPAbstractPlottable1D::selectTestRect] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes with black borders contain the function names 'QCPDataContainer::add' and 'QCPAbstractPlottable1D::selectTestRect'. On the right, a gray rectangular box contains the function name 'QCPDataContainer::constBegin'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions on the left interact with or call the function on the right.
