

QCPPolarGrid::QCPPolarGrid

```
graph LR; A[QCPPolarGrid::QCPPolarGrid] --> B[QCPPolarGrid::setRadialZero  
LinePen];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'QCPPolarGrid::QCPPolarGrid'. The right box is gray with a black border and contains the text 'QCPPolarGrid::setRadialZero' on the top line and 'LinePen' on the bottom line.

QCPPolarGrid::setRadialZero
